

# PANS 'N ROSES

## Cycle of Fifths

We are five enthusiastic ladies whose passions include playing the steel pan. We have learnt to play the steel pan instrument at Pan Kultur in Dortmund, Germany and played gigs as members of their full orchestra as well as their "Pan-around-the-Neck" Band.

Approximately eight years ago we decided that we wanted to establish an all female steel band and this was made possible by the support of our friends in Germany and other parts of Europe who arranged workshops to enable us to develop our own repertoire. Having no pan yard we usually rehearse at home or walking through the forest entertaining the birds and passer bys.

Steel pan was and still is not well known in Germany but as soon as we start playing people are pleasantly surprised to discover such a rich and harmonious sound. Most of our performances are at corporate events, birthday parties, weddings, street parades and other

various functions. As we do not use any sound system this affords us the flexibility to play at any venue. Several of us in the band have gained valuable experience playing with the Nostalgia Steel band at the World famous Notting Hill Carnival and with Funland Serenaders in Bern Fasnacht.

For further information and news about us please visit our website: [www.pans-and-roses.com](http://www.pans-and-roses.com)
